

Petite Mouse

This optical mouse is water-resistant (IP68 compliant) and great for medical, industrial, marine applications or any environment where dust, moisture or liquid is a concern. In addition to the left and right click buttons, it has three buttons in the middle which simulate a scroll wheel. Use them to scroll up, scroll down and scroll lock. The Petite Mouse is smaller than most standard mice, and it is PS/2 and USB compatible. This five-button mouse is available in black or cool-gray, and can be sanitized and disinfected.
